HARRIMAN ON IMAGINATION.

William Harriman, editorial writer of the New York Post, made a rather sensational speech at "Excessive Political Influence," which he held of the vast uncuttingness in Colorado and asked: Why \$2,000 American farmers under the flag into the bleak Northwest, while this silent and beautiful climate, is an extraordinary, that is a challenge to the boast of our enterprise. The reason is people of Colorado have been told imaginary troubles that need no time to deal with real things."

"Much raking is unnecessary. But much raking that never plants produces one of all losses—loss of time. Now, it has also resulted from the public mind with the UN-AFTER HARRIMAN.

He was ever present. He presented the following resolution, which he asked be considered by the Resolutions Committee of the congress at tomorrow's session:

"Resolved, that this congress heartily indorses the resolution unanimously adopted by the Interparliamentary Union at its London session, last July, in favor of the submission of all international questions to an impartial court or commission for investigation before any declaration of war or commencement of hostilities."

Speaking of the South American trade expansion possibilities as set forth by Secretary Root, he said he did not agree with Mr. Root as to the methods suggested. He did not, he said, believe in subsidies. Bryan said he had heard Secretary Shaw speak after afternoon session, also on the question of trade expansion. He said that Mr. Shaw had presented the situation in a pleasing manner, but took occasion to assert that many questions which are not logical must be presented.

DOWN DUST, RAISES JOY.

Over Half An Inch of Rain Falls in City.

Great Robe of Snow Wraps the Mountains.

Storm Is General Over This Part of State.

SAN BERNARDINO, Nov. 22. (Exclusive Dispatch.) Rain-fall at 10 o'clock tonight for the storm:

San Bernardino, .65 inch. Redlands, .75 inch. Colton, .70 inch. Highland, .75 inch. At the Little Bear Valley dam there is fourteen inches of snow, and there is eighteen inches of snow at Squirrel Inn. There is four inches of snow at Devore Heights, in the San Bernardino Valley. Weather clearing.

Good humor almost to the point of hilarity ruled the city yesterday as a result of the first heavy rain of the season. Corridors of the city office buildings rang with salutations from a pleased populace. For the first time this year the familiar racks of umbrellas at 21 per were run out on the sidewalks by hawkers.

"This is the first rainfall of consequence since May 27, when .57 of an inch fell," said Forecaster Wollaber, a Times reporter. "There have been several light sprinkles of rain in the summer months, but none of them was sufficient to even lay the dust. The present rainfall was due to a very rapid movement of a storm area which apparently came from Mexico on Thursday morning and centered over Arizona."

"Precipitation began at 7:50 o'clock this morning in the form of a few light drops. As the morning advanced the rain became heavier and continued until 2:15 o'clock in the afternoon, registering a total precipitation of .47 of an inch. The heaviest shower occurred from 10:30 to 10:40 o'clock, .11 of an inch falling in that time."

"This rain brings the season's fall up to .22 of an inch. The season's rainfall will be lighter than last, which amounted to .18 inches. This storm will probably move slowly eastward during the next twenty-four hours, but the indications now point to continued cloudy and showery weather over tomorrow at least."

Southern California at present is drawing from an extremely high pressure centered over Washington, which creates a northerly drift of the atmosphere, and as the temperatures to the north are considerably lower than usual, temperatures below the seasonal average prevail in this section."

A splendid new oak instrument stand for displaying the office exhibit of meteorological instruments was installed in the local office of the Weather Bureau yesterday. The stand is of highly polished quarter-sawn oak, fitted with a number of drawers, in which are kept record sheets. Neat cupboards and other utilities make it a valuable addition to the office. This is in line with a number of improvements recently inaugurated by Forecaster A. B. Wollaber.

AROUND THE COUNTY.

In Pomona the rain began at 11:40 o'clock in the morning, and .45 of an inch had fallen there last night. A brisk wind was blowing and it was still raining.

Lorchburg reported a generous downpour.

In Long Beach the fall began in the morning and continued intermittently during the day, with a total precipitation of about .14 of an inch.

NOW WHOLESALE DEALERS.

Rivers Brothers Sell Old Retail Fruit Store and Buy Keystone Produce Company.

Rivers Brothers Company, the oldest fruit dealers in the city, yesterday sold their retail business at the corner of Temple and Broadway and bought out the Keystone Produce. The two transferees represent close to \$100,000. The purchasers of the old familiar store across from the Courthouse are Wiley Hoke of Nashville and Charles H. Gwynn of Channahon both of whom have recently come to make their home in Los Angeles. The new firm will be known as Hoke & Gwynn.

Sixteen years ago Rivers Brothers began business in a "little hole in the wall" just above Broadway, on the south side of Temple street. Later they rented additional quarters across the street, and finally their business grew to the corner store. An invoice of the Keystone Produce Company, made yesterday, totals \$40,000. The purchase price will be a little in excess of this.

The personnel of the Rivers Brothers Company is E. B. Rivers, president; H. L. Rivers, vice-president; Rivers McNeil, treasurer, and John Huber, secretary. The company will continue the same officers, but do business under the name of the Keystone Produce Company, and their wholesale stock on Temple street will be equivalent to the plant at No. 207 Towne avenue.

"Keep on going ahead. Let others look for footprints."

We are letting the other tailors establish themselves at all the Pacific Slope look for our foot-prints these days. We are the first tailors west of Chicago who have engaged a special resident English buying representative. He is located in London and pays monthly visits to the great bulk of Huddersfield, Abercrombie and Glasgow. We receive monthly shipments from him of the very latest exclusive suitings, overcoatings, waistcoatings and trousers that these mills produce. It costs us a little more to make these importations, but it doesn't cost you more. We charge the extra expense to advertising.

COAL FAMINE AND SHIVERS.

Los Angeles Markets Bare, Delay on the Way.

Prosperity So Thick Trains Can't Get Through.

Will Be Rushed Ahead of Other Freight.

All Southern California is confronted by a coal famine.

Conditions, which have been strained for two weeks, came to a climax yesterday when the coal markets of this city became as bare as the cupboard of Old Mother Hubbard.

"Shortage of cars and lack of motive power on the Santa Fe," say the dealers.

"Two much prosperity, occasioning conditions under which the coal builders can not get materials and are absolutely unable to fill orders on time," explains General Superintendent I. L. Hubbard of the Santa Fe.

"We are shivering! Can't you send us at least ten pounds of coal by a messenger boy?" howls the public over the telephone.

"Gorry, we're just out. Perhaps you can get some at the jewelry store," answers the dealer.

One month ago the tea man was hounded to death. Yesterday the coal man "got his."

"Reports for October return the biggest car mileage on the coast division in the history of the Santa Fe," said I. L. Hubbard last night. "The increase in business is simply astonishing. We are swamped, in fact the whole country is swamped, in a mire of prosperity. If the public is freezing, we are roasted without just cause. The Santa Fe is doing all within human power to relieve congested traffic. Conditions can only be traced back to the primary cause, which is prosperity. Every industry in the United States feels this pressure."

COAL TO COME FIRST. "The Santa Fe Coast division has far more equipment than it had at this time last year, and yet the business is pressing us much harder than we were forced a year ago. Perhaps that will express some idea of the increase in traffic to California. It is simply a landslide. As far as coal is concerned I issued an order today that every car of coal on the line be rushed to Los Angeles with the greatest possible speed, and the coal famine will be relieved within a very few days. We have already received twenty new locomotives, for this division, and eighteen more are on order. We have been fighting for it, and yet all lines of equipment on the railroads are short, and will continue to be if this era of prosperity keeps on growing at its present rate."

"We have fifty cars of coal tied up between this city and the mines at Gallup, New Mexico," said W. B. Clark of Clark Brothers, yesterday. "Some of these cars have been on the road since October 24, and they are still tracked at Barstow, Needles, Seligman, Williams and other points all along the line. We could haul the coals in the wagons in less time than we can get them on the railroads and yet I am certain that the Santa Fe is doing all that it can to get the coal to the city."

There are at least 300 cars of coal blocked between here and the mines, and the great trains, when one considers all the traffic in the coal, goods, merchandise, oil and other commodities, a vague conception of the struggle of the railroads may be had."

WOOD SHORTAGE TOO. "Fifteen cars of coal arrived this afternoon," said J. G. Lawrence, manager of the American Coal Company, "but the city is clamoring for at least 200 cars a day, and the shortage is not likely to be relieved for some time. A train of coal will arrive tomorrow, and the dealers have been promised three trains on Saturday. I would say that the shortage in coal is only temporary, and that the dear public will be rubbing its hands over the situation very shortly. In one way the dealers are to blame just as much as the Santa Fe, for they all used their money and wagons for the handling of hay during the summer months, and they swamped the railroad with orders for coal cars. Next year, the stock period, be put in ahead of time and more gradually. To make matters worse, there is a bad shortage of wood all over Southern California. The dealers are at least twenty-five cars of wood from Arizona blocked with the coal. To relieve the shortage I am told that the Santa Fe will rush freight into Los Angeles ahead of perishable freight. The larger coal yards will be able to stir up the stock period, as all small dealers will call at the yards and make immediate delivery. Ever, available express wagon in town has been engaged for the rush."

In sympathy with the shortage the price of coal has been going up faster than the thermometer has been going down.

WOMAN ACTING CONSUL. Miss Butz, who represented Government at Dawson City, Here After Fight Pictures.

Miss Frances Butz, a Californian born and bred, who once occupied the unique position of Consular representative of the United States in Dawson City, Alaska, is a guest at the Alexandria.

Miss Butz is now connected with a moving picture concern in New York, and is one of a party which arrived here a few days ago to take the pictures of the O'Brien-Burns fight on Thanksgiving eve. Miss Butz, while in Dawson City, was connected with the office of Henry D. Saylor, United States Consul at that point. Mr. Saylor was called away, and for a period of several months Miss Butz handled the government business. When Saylor was unable to return to his post she was mentioned for his position. Her sex, she says, barred her from the office. She has been one of the strongest factors during recent years in the wonderful growth of the moving picture business.

Harry Miles of the same concern, who is the principal operator of the machines, is also in the city, and preparations are being made for the pictures of the big fight next week.

FENNESSY WILSON'S CHIEF OF POLICE.

Labor Unionites Sanguine of Electing Their Candidate for Mayor and Are Already Arranging the Distribution of the Offices.

"OUR precinct committeemen consider that the race has narrowed itself to a driving finish between Wilson and Lindsey."

Such is the forecast of the Labor-Union-Public-Ownership party for the Mayoralty. Frantz Drake, assistant secretary of the Campaign Committee, says that the race is already won by Wilson, and that they are now concerning themselves chiefly with the Councilmanic contests.

The Public Ownership party thinks that it sees an opportunity to capture both the legislative and executive departments of the city government.

"It's Wilson or Lindsey, and you can say for me that Lindsey will run a good second." This from Boss Fennessy, caught on the wing as he darted into the workroom at Public Ownership headquarters on South Spring street yesterday afternoon.

Fennessy is in the campaign up to his neck, as usual. This time, he says he is going to deliver the goods of burst the boiler.

The sandy labor-union boss is just as confident as a cat that he has never been run amuck. He is the big jumbo in charge of the precinct campaign. This time he is supremely happy. He has a force of five alleged workers in each of the 128 precincts.

Lately he has been observed studying the book of rules issued by the Police Board for the guidance of patrolmen. To his distorted vision that diamond-studded star of the Chief of Police, he has been looking at the City Hall.

Even doddering old Lemmle is growing frisky at the prospect of a plentiful supply of fodder. Lem would like a place on the Board of Public Works, but he will be satisfied if Wilson will make him janitor of the City Hall.

Pinhead McCarthy didn't prove the drawing card they expected, so they had to form up the ranks and cast him into a padded cell until the campaign is over.

One look into the Public Ownership headquarters is enough to convince the most skeptical that somebody has put a lot of money into this campaign. The headquarters occupy a whole floor. More than forty assistants were at work there yesterday, mailing campaign literature.

All this costs cash. Some one evidently thinks that Wilson has a good chance to win. The nucleus of the Public Ownership party appears to be the old gang of walking delegates. But this year they are masquerading under more popular colors; their public ownership professions have brought to them a following that would never align itself under a straight union-labor banner.

"We do not regard either Harper or Gates as dangerous," said Assistant Secretary Drake. "The Harpettees think that they will pull the same vote that went to Mayor Snyder in former campaigns. When the ballots are counted they are going to be treated to a most unpleasant surprise."

"Snyder always received a heavy labor union vote, and a great many Republicans cast their ballots for him because they believed in him. Harper will receive none of the labor vote and we have found no Republicans who are supporting him. Harper was beaten before he was nominated."

"We think that the city campaign will be a practical repetition of the State fight. There Langdon and Bell were running against each other and they permitted the illicit to slip through the lines. In this campaign Gates and Lindsey are paired. They remind me of a disagreement between a Siamese cat and a Siamese dog."

Reports from our canvassers all indicate that Wilson will have enough votes to defeat either of them.

Drake says that the Public Ownership campaign opened last May. At that time a public ownership league was organized in its infancy. Weekly meetings have been held by each of these leagues since, and each Saturday night a committee composed of two delegates from each league meets and plans the next week's campaign.

The membership of each league comprises the campaign committees in the different wards.

It is plain that the present Public Ownership campaign is modeled closely after the style of those that proved so successful a few years ago in England and Scotland.

Boss Fennessy dodged into the secretary's office from the workroom in time to hear Drake's forecast. "He's giving you the right dope when he says that Lindsey is the man we have to beat," Fennessy volunteered. "The other fellows haven't a ghost of a show."

Here the boss of the walking delegates paused and puffed up like an inflated balloon. "I'll give you a straight tip," he went on. "That Lindsey isn't going to be in it either."

Day to day Wilson was too busy all day to leave his headquarters. Committee meetings are at work all the time arranging noon and evening meetings for him among the workmen of the mills, wholesale houses, railroad yards and factories. His secretaries say that he delivers fifteen speeches on an average each day and night.

In this campaign the Public Ownership party is only the sheath for the dagger of union labor. Fennessy preaches one as a fanatic, but his bodyguard is the most dangerous gang that ever attempted to get control of the City Hall.

at present out of town to avail themselves of the opportunity to support the organization in its initial stages. Very liberal pledges have been made up to this time, and it is believed the organization will be reached by Saturday noon, as at first intended, but under the circumstances it is endeavor to reach the 20,000 mark by the following Saturday. A letter of acceptance and endorsement was received from Governor-elect Gillett, Eureka, in which he says:

"I am in receipt of your letter of November 16 informing me that I have been chosen a member of the Advisory Committee of the Development Society of California. I am pleased to accept this honor, and will gladly render any assistance that I can. I believe a movement of this kind is very necessary, and I am sure it will bring forth good results. What we need more than anything else throughout the State of California is an effort like this that will bring before the United States our great resources."

COUNTY BONDS KNOCKED OUT.

Not One of Propositions Is Carried at Polls.

Light Vote Turned Out for Special Election.

Believed the Supervisors Asked Too Much.

The \$400,000 bond issue met a hard fate at the special election held yesterday.

Every one of the special issues—Hall of Records, County Hospital, county Farm, Detention Home and jail—were ingloriously defeated in both city and county precincts.

There are yet seven city precincts to be heard from; 46 out of 128 precincts of the county have been counted.

All these indicate clearly that each one of the bond issues is defeated. The results could not possibly be changed now by the vote to come.

Here is a summary:

For the \$500,000 bonds for a hall of records..... 4744

Against..... 5723

For \$200,000 to improve County Hospital..... 4483

Against..... 4673

For \$50,000 for Detention Home..... 5685

Against..... 5555

For \$70,000 to improve County Farm..... 4482

Against..... 5685

The above includes all but seven of the city precincts, and 68 out of 125 of the county precincts.

The vote of the city was as follows:

For Hall of Records..... 2549

Against..... 1967

For hospital..... 3124

Against..... 3245

For jail..... 2778

Against..... 2645

Detention Home..... 2459

Against..... 2685

County Farm improvement..... 2369

Against..... 2184

MORE FOR THAN AGAINST. More votes were cast in favor of the bonds than against in every instance, except in the case of the \$50,000 asked for the improvement of the County Jail. It requires a two-thirds vote, however, for the bonds to carry.

The defeat is to be ascribed largely to the fact that voters have grown weary of turning out to so many elections. The vote was but a tiny one yesterday. In one precinct only the election officers voted.

Another reason for the defeat of the bonds is that the Supervisors asked for too much money. They might have got \$50,000 for the County Hospital improvements. Voters were frightened at the demand for \$200,000.

The Supervisors are bitterly disappointed at the result of the election. They cannot but feel that the failure to vote the bonds they asked is a slap at their ability to spend the money.

The members of the board stand around the chilly Courthouse corridors late into the night to get the results.

The only thing they can do now is to make a special item in the next tax levy for the new hall of records.

Supervisor Peterson said that he did not so much mind the defeat of the bonds.

"It has always been my line to get the money before you begin spending it," he said last night. "I believe the bonds were defeated because the taxpayers do not believe in building on borrowed money."

The delay in building a hall of records will result in an enormously increased yearly cost for the county. About \$1400 or \$1500 will have to be paid out next year for officers who have been crowded out of the Courthouse.

The defeat of the Detention Home bonds is a misfortune. The present quarters for the jailers are in an altogether unsuitable and unhealthy. The County Hospital needs more of the wards asked for, but will be able to stagger along without an administration building.

A strong superintendent may do better than the bonds would have at the County Farm.

COUNTRY PRECINCTS. Following are returns from most of the precincts of the county outside the city. For each town containing two or more precincts the totals for all the precincts of that town are given:

ALAMITOS. Courthouse, yes 21, no 29; hospital, yes 20, no 22; jail, yes 20, no 29; home, yes 20, no 25; farm, yes 24, no 25.

Santy Says: Buy Gifts at The Big Book Store

Santy's advice is good--It pays to buy gifts at the "Big Book Store"--because assortments are broader, the stock newer and the price more reasonable than elsewhere.

Every nook and corner of this store is crowded with articles suitable for Christmas gifts--for months we have been preparing for this holiday season, with the result that we are now equipped to give the utmost satisfaction in every department.

It's not too early to buy gifts, especially when they are to be mailed. Better come in tomorrow and see for yourself the splendid display--come in just to get an impression of the stock; come back later to buy.

Boxed Stationery

Broadest Assortment in the City

We are especially strong on all kinds of boxed stationery. This form of gift is always popular. Here are three especially good offerings. We bought this line at almost our own prices--it was ordered for San Francisco before the disaster and sold to us because of lack of demand in that city.

SPECIAL!
Four quires fine note paper and envelopes, in two sizes, packed in handsomely decorated holiday box--as illustrated. A remarkable value at **\$2.00**

One quire Whiting's note paper and envelopes, in two sizes, packed in floral decorated box, contained in cardboard carton. Price **65c**

One quire Whiting's note paper and envelopes, in two sizes, packed in floral decorated box, contained in cardboard carton. Price **50c**

Playing Cards
We have Congress Initial Back Playing Cards in every initial--from A to Z--at 50c per pack.

1907 Calendars
We bought a very large line of hand painted calendars at very low prices. The art work is exquisite--the cardboard super-fine, and the typographical effects perfect. They come in boxes ready for mailing. Prices 25c to \$2.00.

Bridge Sets
The most attractive line in town; these make splendid presents. Prices range from \$2 to \$20 a set.

A Handy Post Office
One reason why the "Big Book Store" is so popular with gift buyers is that a postoffice sub-station is located right at the rear of the store, where presents can be mailed without trouble or delay. Any article we sell will be packed ready for mailing without extra charge.

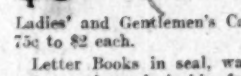

Holiday Books---Great Variety

Things in Leather

For Men, Women and Children

When it comes to leather goods, the "Big Book Store" is leader. Here you will find none but leather goods of quality--our reputation must not be blemished by the introduction of any cheap or shoddy goods. We mention a few of the many lines of leather goods we carry. The values are excellent.

\$3
Ladies' and Gentlemen's Card Cases. 75c to \$2 each.

Calendar Stands with leather frames and separate cards for each month. Prices 75c to \$1.50.

Renewable Memorandum books with pencils. Prices \$1.25 to \$3.00.

Engagement Pads from 75c to \$1.50 each.

Bill Books--splendid gifts for men--many leathers, from \$1 to \$5 each.

One of the novelties that will prove very popular during the holiday season is the line of Wicopy goods. This is a tan colored texture made of Manila hemp. It is used for binding address books, visiting books and many other things for which leather is generally used. We have a full line. See it.

While The Heart Beats Young

A collection of Mr. Riley's best poems about children. More than 40 pictures in color by Ethel Franklin Betts. Packed in handsome box. Price \$2.50.

Henckels Manicure Sets
Manicure Sets of the best grade in velvet and silk lined boxes. Prices from \$3.75 to \$5.50 a set.

Henckels Desk Sets

Henckels Pocket Knives
A large assortment of boys', men's and ladies' pocket knives--bone, pearl, horn and metal handles. Prices range from 75c upwards.

Fountain Pens

When in doubt--give fountain pens. We guarantee every line we carry. They range in price from \$2.50 to \$25.00. The new holiday pens include beautiful gold filigree cases at \$10 and \$25 each; others are of silver filigree, silver and gold banded. Pen points to suit every hand.
